ONE STOP DESTINATION FOR HEALTHY HEALTHCARE SOLUTIONS

From the director's desk

Three decades ago, I sketched an abstract design of my dream, an organisation... With the blueprint, the journey began; A journey of dreams, desire, struggle, togetherness & faith. Gradually, "My" design turned into "Our" design, that is "Vaishali Pharma Ltd." Turning a vision into reality is always a difficult task but it was an evolution and evolutions happen only through immense efforts, support & eternal trust. Today, when I turn the pages behind, of journey, I feel blessed and strengthened. Today, Vaishali Pharma is a known Healthcare Organisation, having three more segments, flourishing in India & International. We began with a formal business relationship and today, it's a relationship which has unknowingly bond us so close, to whom we name it as "Friends"
